COMANDO
A MOTORE

MOTO ha tre tipologie di cassetto avvolgitore avente ingombri: 83mm, 103mm, 134mm.

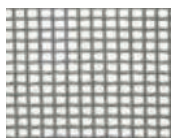

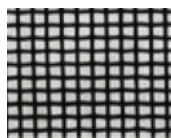

Perfetta sintesi di eleganza e funzionalità, è la soluzione più opportuna per la chiusura di grandi ambienti con un telo unico e in assoluta sicurezza, grazie al sistema a zip antivento.

Le sue caratteristiche peculiari la rendono particolarmente indicata in ambienti come terrazzi e porticati.
